TESTIMONIALS

"This is the 3rd year that ICS Learn is participating in the HR Leaders Conference in Dubai and Riyadh. Jacob got us on board initially and worked with us ever since. I was very impressed with his personable, yet efficient way of getting things done. Jacob is the ultimate professional when it comes not just to running an event, but in providing the support required to ensure that attendees and suppliers get value before, during and afterwards. His efforts are beyond the call of duty."

Dafina Krasteva
General Manager,
Middle East

"Our first experience with Corporate Events Solutions during the HRLC Dubai turned out to be a seamless experience. Right from getting on the first call, throughout the build-up, choice of venue and all arrangements were spot on. Jacob and his team were able to put together a great crowd of industry experts, sponsors and speakers at the event. We rate the HRLC right up there amongst all events we have participated in. The support was great throughout, and we are definitely looking to be there in future events."
